

KEEPING IT GREEN

in Wood Floor Care and Chemical Free Stripping

MAROON

Conditioning/Stripping Pad

This pad has been specially designed to create a very fine cut pattern on cured urethane finish, between coats. It is also great for light duty stripping.

- **Very fine, consistent abrasive throughout the pad.**
- **3/8" thick, allowing the pad to follow contours of the floor.**
- **Ideal for use on all conventional finishes as well as water based urethane finishes.**

MAROON HD

Chemical Free Stripping Pad

This pad has been specially designed to strip floors without the use of harsh chemicals.

- **Contains 20% more abrasives than the Maroon Conditioning pad.**
- **Cuts 30% faster than the Maroon Conditioning Pad.**
- **3/8" thick, allowing the pad to follow contours of the floor.**
- **Ideal for use on all conventional finishes as well as water based urethane finishes.**

Sand Screen Discs

We offer a complete range of sand screens discs that are commonly used in the repair or removal of wood floor coatings. Use them wet or dry. Ideally used in resurfacing gymnasiums or for the repair of painted floor surfaces.

The Maroon Conditioning, Maroon HD and Sand Screen Discs are available for use on Standard Electric Floor Machines and Automatic Scrubbers. They are also available in 14" x 20", 14" x 28" and 14" x 32" sizes for use with Clarke® Boost™ Orbital Scrubbers.

**100% recycled polyester material is
used in manufacturing these pads!**
